EDUCATION

Marist College, Poughkeepsie NY — B.S. Computer Science

Expected December 2018

Minors: CyberSecurity, Information Technology

EXPERIENCE

Zebra Technologies, Hauppauge NY — Software Intern

SUMMER 2017 & SUMMER 2018

Designed and implemented a web-based order management and fulfillment system. Created websites, APIs and an order fulfillment app to run on Zebra's Android barcode scanners and printers.

Learned to work with and present to professional teams of developers, including branch executives.

Used the Agile Development process to employ user feedback and discover system requirements.

Town Of Oyster Bay, Massapequa NY — *Ocean Lifeguard*
Town Of Hempstead, Point Lookout NY — *Ocean Lifeguard*

JUNE 2013 - SEPTEMBER 2016

Worked cooperatively as a team to perform ocean rescues, first aid, and CPR on patrons in need.

Developed the ability to remain calm and think clearly in high-pressure, fast-paced environments.

ACTIVITIES

Marist College Student Government — *I.T. Council*

Worked collaboratively with peers to design and maintain SGA websites and school-wide systems.

Wantagh Techday — *Volunteer Instructor*

Created curriculum and taught at Wantagh High School's annual event which teaches children grades 5-12 how to write code.

Marist College Band Executive Board — *Webmaster*

SKILLS

HTML • CSS • JavaScript • JQuery • PHP • Java • SQL • WordPress • C# • ASP.net • Kendo UI • Laravel • React Native

PROJECTS

Vida – Created an iOS application for life coaches to keep track of their clients.

QR Code Generator – Created a simple website/API for visitors to quickly create QR codes.

Bambö – Co-Founded and created a website for an eco-friendly toothbrush subscription service.

Website Development – Designed and coded websites for multiple businesses across a variety of industries.

Fox Trivia – Developed a trivia game to be utilized by Marist College's philosophy students as a study tool.

Basketball Registration – Created a system which provided Marist Band members the freedom to choose which basketball games they would prefer to attend while maintaining band attendance and functionality.
